Customised Guided Harley Tours

If you've ever dreamt of riding the open roads of Australia on a Harley-Davidson, exploring its legendary landscapes, then a Steel Horse Moto guided tour is for you.

From the wide-open deserts of the outback to the never-ending coastline of beaches, vibrant rainforests, rolling green farms and bushland, Australia offers some of the most remarkable, picturesque and rider-friendly destinations in the world. And we at Steel Horse Moto have put together what we believe to be, the best and most unforgettable motorcycle holidays imaginable.

Why Harley-Davidson?

Because Harleys are our weapon of choice, we would go as far as to say we're fanatical about them. Not only do we live and breathe all things Harley, but riding one offers a unique perspective and experience like no other. If you're an avid Harley-Davidson rider like us, or simply love the idea of riding one on your next Australian adventure, then our tours are for you. After all, no matter where you're from, we already speak the same language, Harley.

Bespoke tours

While there is no such thing as a mediocre ride in Australia, we understand that each riding group has a different set of priorities and that there's no 'one size fits all' solution when touring.

We create unique tours by listening to you and adding in any particular interests you have on your 'must do list'. We then take our breadth of local knowledge and experience, including the most iconic and interesting destinations along the way to create a truly remarkable riding holiday tailored to you and your group.

All thoughtfully put together, keeping in mind how much time you have available, and taking into account the distance and amount of time you want to spend on your Harley each day.

Our ride leaders draw on their wealth of touring experience and understand schedules, the vast distances, the right time of day to be travelling, how quickly weather conditions can change, as well as all the most iconic destinations, and the best and safest places to stop and see them.

Our role is to deliver a tour that captures the magic of an Australian motorcycle holiday. The rest is up to you, your group of friends, and your motorcycle.

Preconfigured tours

We love putting together bespoke tours for groups to ensure that all those who ride with us have the opportunity to see and do as many of their bucket list items as possible.

However, as you'll read below, we have travelled far and wide around Australia, and from many years of experience, we've put together what we believe to be the best and most comprehensive pre-planned tours possible.

Many of our riders like to put their faith in us and choose one of these tours, or simply use one as a starting point, adding on the things that they want to experience while here.

There are too many of these to list here, so head on over to steelhorsemoto.com/tours to take a look. They are all truly remarkable and diverse, and there is something for everyone there.

Who we are

Our main ride leader, Fred, has spent the last 15 years touring throughout Australia with both small and large groups of riders, and fellow H.O.G. Members from around the globe.

To name but a few Aussie destinations that a Harley has taken him... Broken Hill, Ayres Rock (Uluru), The Olgas (Kata Tjuta), Kings Canyon, Alice Springs, Coober Pedy, Mt Isa, Longreach, Nullarbor Plains, Esperance, Albany, Margaret River, Perth, Cairns, Daintree, Airlie Beach, Southport, Lennox Head, the Snowy Mountains, the Great Ocean Road and Tasmania.

Fred has also travelled the entire Australian coastline from Cairns to Brisbane, Sydney, Melbourne, Perth, Broome and back to Cairns. The point we're trying to make here is...

Fred knows Australia.

Further to touring, Fred understands Harley Owners Group and Harley-Davidson riders, having been the Founding Director of Sydney H.O.G. Chapter for its first four years, Assistant Director for another three years, NSW/ACT Regional Director for three years looking after thirteen H.O.G. Chapters and also teaching at Harley Officer Training in Australia on numerous occasions. In addition Fred was the National Rally coordinator at Tamworth, NSW – Australia's most attended H.O.G. Rally to date. And to this day, rides with Sydney H.O.G. at almost every chance he gets.

What we include in our tours

This is your holiday. We appreciate and understand that, and want it to be the best and most trouble free experience possible. Each day meticulously planned so that all you have to do is (quite literally) come along for the ride.

You can rest assured knowing that we have you covered for all bookings, accommodation on tour days (you tell us your preference on twin share vs a private room), breakfast and lunch on all tour days, a farewell dinner (excluding alcohol), drinking water, transport between your hotel and bike rental company, Harley-Davidson Motorbike hire for all riding days with helmets for both riders and pillion, petrol and oil, unlimited mileage, Bike insurance excess waiver reduced to \$1,000 (if eligible), a support vehicle with room for your luggage (on long tours), a spare bike in case of breakdown, and all tolls and road charges.

See you down the road

To enquire about a tour or to book, simply reach out to us at info@steelhorsemoto.com or call Fred on +61 408 244 297, or Iva on +61 414 740 179.

We hope to meet you soon,

Fred and Iva, Steel Horse Moto.
